### THICKNESS

1.0 mm (+10%)

### SIZE

2440 mmx 1220 mm(+10%)

### GRADE AND THICKNESS

Decorative Grade: 1.5 mm and 1.0 mm  
Other thickness available on request.

### PRECAUTIONS

Normally Laminates can comfortably withstand cleaning by any household soaps. However for cleaning by cleaning by abrasive chemical. Please make sure in advance on cut places of laminates with sand such abrasive chemicals any damage to families. More particularly this precaution should be taken on sheets with pearls and metallic designs since they are created for special optical effects and are very sensitive. Continuous and regular sunlight or very strong electrical light should be avoided directly on laminates as such light on same place everyday will result into color fading. It is not advisable to keep food on the working surface.

### WARRANTY

- We warrant that its products are free from manufacturing defects and that they are fit and suitable for usual purpose under normal and proper use.
- The product must be inspected prior to installation and our liability will be limited to the extent of the cost of product only. Use only dry cloth for wiping.
- The product must be inspected before its use. No claim for the visual defects will be accepted / entertained if the product is cut or altered in any manner.
- No Warranty on metallic shades.

### NOTE

- Samples pasted represent only color/pattern, finish and not actual thickness.
- Metallic shades are recommended for vertical applications only.
- Sticking laminates keeping the substrate horizontal is recommended. We will not be responsible for any problems if sheets are pasted vertically.
